HARTNELL COLLEGE

First Drama
Tryouts Set
For Monday Night

Volume XXXVII

Salinas, California, Friday, September 15, 1967

Number 1

Addition of Four Gives Day Faculty 87

The Hartnell teaching staff has grown with the addition of four full-time members for the new year.

Mrs. Constance Powell will take her place as an instructor in the nursing department. She holds a B.S. in nursing from the University of North Carolina, and a M.S. in nursing from the University of California at San Francisco.

Mrs. Powell, who this year begins her first teaching experience, has worked at the Palo Alto-Stanford hospital for one-half year, and as a public health nurse for the Santa Clara Visiting Nurse Association.

Hartnell's new agriculture instructor is Mr. Robert Kennedy. He received his B.S. in agronomy from Kansas State College, and his M.E. in agriculture education

from U.C. at Davis. He also majored in meteorology at the U.S. Naval Postgraduate School in Monterey.

Mr. Kennedy taught vocational agriculture for four and one-half years at Watsonville High School. During the next school year he will be president of the South Coast Region of the California Agriculture Teachers Association.

An interesting sidelight to Mr. Kennedy's career was his time served in Japan while in the Navy, where he studied silk worm raising. When he left Japan, he and his wife were honored as "extraordinary ambassadors of good will."

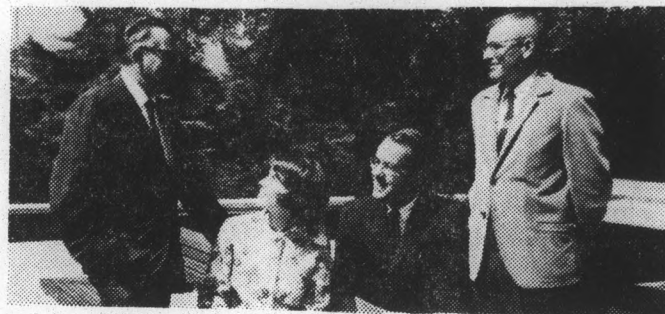

Mr. Donald Wilson will be the accounting instructor in the business department. He holds an A.B. in geography and science from Stanford University and an

M.B.A. in finance and accounting.

For two years he was with Wells Fargo Bank in trust accounting and financial analysis. For the past two years he has been teaching at Mills High School district.

The new professor of police science is Mr. Mervyn Garibotto, formerly a captain in the Stockton police force. He assisted in the establishment and coordination of the police science school at Delta College, Stockton.

Mr. Garibotto is a graduate of Stanford University. The number one choice of Salinas' Chief of Police and Sheriff, he is anxious to develop a department that will improve the quality of police work in the Salinas Valley and Monterey Bay area.

■ **ALL NEW** — This quartet of newcomers to the daytime faculty was caught during the week reading past issues of the Panther Sentinel to learn more about Hartnell. Good advice for all. Mr. Marven Garibotto (left) will teach police science, Mrs. Constance Powell has joined the registered nursing staff, Mr. Donald Wilson teaches business courses, and Mr. Robert Kennedy has joined the agricultural faculty.

Students Flock To Campus

■ **RECORD-BUSTER** — Setting a milestone in Hartnell history, Mrs. Bruce Sconberg Tuesday became the 2000th student to enroll for the fall semester.

What happens to you if you're too obtuse to get a scholarship, but too smart for the army? You go to Hartnell, along with 2000 others. That's right, 2000; Hartnell reached this magic number early Tuesday morning while more registrants were still filtering in.

Total enrollment for this year is expected to be close to 2100, by far a record, exceeding the previous registration high by about 300, and a 10 per cent increase over last year's.

Reason for Increase?

Mr. Karl J. Bengston, Director of Student Personnel, was at a loss to explain the recent surge in registration across the country, as well as at Hartnell, but it is felt by various officials that new draft laws combined with the population increase are sending more and more students into college.

Mr. Bengston added that although Hartnell's rate of growth was not as explosive as that of other colleges and, therefore,

easier to adjust to, we could not ignore the trend and should plan for more facilities and teachers.

Lucky Lady

Student number 2000 is Mrs. Bruce Sconberg, a student of history and landscaping. Coincidentally, the attractive young lady is the daughter-in-law of the owner of the land upon which William Hartnell built the original Hartnell School in 1833.

START POLITICAL CAREER NOW

The ASB Commission now consists of eight members who are seeking candidates to fill the six vacancies.

Open are the offices of ASB vice president, commissioner of social activities, Associated Women Student's president, Associated Men Student's president, freshman class president and freshman class representative.

All aspiring politicians may obtain petitions in the main office.

MPC Hits Panther?

Mellow yellow did the fellows! Once again, Monterey Peninsula College, perennial rival of Hartnell, doused yellow paint on our raven cat on the lawn, and gridiron clashes haven't even begun. The unartistic words of "MPC" and "Just Wait" decorated the Hartnell mascot late last month.

sponsoring the dance being held for the freshmen. It will begin after the game and continue until one o'clock. The outrageous price of nine cents for one and fifteen cents for two will help defray refreshment expenses.

A foreign student reception is scheduled for Oct. 21 during the college hour in the Student Lounge. All students will be urged to attend and get acquainted with our colleagues from other lands.

Publicist Joins Staff To Help Spread the News

Picture a short well-tailored, moustached gentleman busy pecking away at his typewriter or taking and developing such exclusive photos as the 2000th registered student, and you are visibly introduced to Mr. Carlton Brown, Hartnell College's first Community Services Assistant.

In reality, Mr. Brown's title is more easily understood as a public relations man or as he puts it, a "community relations man." His capacity includes responsibility for all college news and photo releases, college calendar, and arrangement for special events on campus. He is the man to see at his Room 1 office when college publicity of any sort is needed in the community and when use of college facilities can be scheduled.

The Monterey resident brings collegiate, other civilian, and armed forces journalism experiences with him in his new position on campus. He has attended both the University of Maryland here and in Germany and San Jose State College. He received an A.A. at Monterey Peninsula College.

Recently he served as a combat correspondent photographer in Vietnam and as magazine writer and news chief of the Military District of Washington, D.C. From 1959 to 1965, he was Fort Ord's news chief.

Mr. Brown has also been on the Los Angeles Times staff and has had journalism assignments in Germany, France, Lebanon and Korea.

■ **SURROUNDED** by tools of his trade, publicist Carlton Brown studies contact proofs of his photos of the football players.

ASB Commission Reveals Plans for the New Year

The highlight of the Student Commission meeting held Tuesday in Room 4 was the announcement of business hours being established for the commission room. Now all students will be able to bring their personal gripes and questions directly to the governing body. Business hours are not yet officially established, but are now being arranged. Look to a future issue of the Panther Sentinel for announcement of business hours.

Among the officers that will be at your service are Tom Dowd, ASB president; Carol Teves, secretary; Linda Breschini, finance officer; Peter Bontadelli, commissioner of rallies and assemblies; Margaret Marcantonio,

commissioner of cultural activities; Bob Molmen, sophomore class president; Janet Delorey, head cheerleader; and newly appointed WAA representative Chris Tokiwa.

These officers were all present at the meeting and, led by Tom Dowd, discussed various items on the agenda.

Among the items discussed were the announcement of a color TV to be placed in the student lounge, and tryouts for vacancy in the cheerleader squad. Tryouts will be held Tuesday, Sept. 19.

Future events discussed included the dance to be held in the men's gym tomorrow night after the game with Modesto. ASB is

Lecture Series Runs Gamut From Religion to Rocks

A geology professor, poet and a classical guitarist, are among the variety of guests that will appear on the "Hartnell Presents" series to start next month.

This series of lectures and concerts is paid for by Hartnell College and is offered free to the public.

The lectures will be held in the Library starting at 8 p.m. with the concerts being held during the college hour in the Student Union.

Oct. 13 brings the first guest, Dr. Jose Luis Aranguren, a professor of Spanish at the University of Madrid. He will speak on

the topic, "Protestant Ethics As Seen by a Catholic."

The month of November presents three guests. Vincent Michael, Dutch classical guitarist, will entertain during the college hour on Nov. 7. The next night, the eighth, offers Dr. Richard Hay, discussing the geology of early man in Olduvai Gorge. Right before Thanksgiving holidays on the 20th Eric Baker, local Big Sur poet, will discuss his poetry as well as contemporaries.

"Hartnell Presents" may also schedule more lectures and concerts later in the year to enlighten and entertain.

The Green Velvet Apple

By LINDA WILSON

My only wish was to crawl high up into my little grass hut, but do I ever get my wishes? Instead, I find myself once again in this bleak and despairing wasteland of bones and brains. Hartnell, I love you.

It's no fair. They don't even give the alcohol a chance to dry off of my medulla before they shove an assignment at me. I haven't completely recovered from the summer yet. It seems to me that I said something in my final column last year about having a safe and sane summer. Why don't I ever take my own advice? There I was, doing the most death-defying feats, like sitting on the lawn in summer school drawing trees. But then, Gunther Gopher, noted expert on trees, said "If you can't climb trees, draw them."

Looks like I'm getting right back into the old mold.

Hair hostility seems to be

alive, since it's claimed two victims so far. Pete Meninga lost his blonde growth to the teeth-and-scissors demand of auto-shop. Rumor has it that Tommy Taylor has been required to wear a bathing cap in P.E. for showers. Something about the fear of his hair falling off and clogging up the drains. Now I know that hair is a trite issue, but if we treat it with ridiculous answers, what on earth are we going to do for the really important problems?

Now that Hartnell has reached the magic number of 2000, several amazing facts are being compiled by my mind, such as the fact that Hartnell is now twice the size of Chualar, and almost equal to the size of Soledad. Now that's progress.

Will you accept my word that from now on these columns will be better? Pray for me, so said Jack Casady.

CORNPONE SPEAKS

EDITOR'S NOTE: For those of you who are new to Hartnell and for those who may have forgotten, we last left Colonel Jubilation C. Cornpone in exile in Argentina. The Colonel had been threatened with assassination by a misguided liberal and left the country for his South American sanctuary.

I'll have to admit that it's good to get back in the land of eternal fog after spending all summer training Argentine Indians as a sort of Confederate National Guard in the hot South American sun.

I was warmly received by the citizens of Argentina and cheered I expounded the virtues of conservatism as opposed to the liberal policies of left-wing liberalism. Once again Cornpone has made America a little bit safer. Another, apple pie, and the next door by bringing Argentina into my fold of allies.

Back on the homefront, things are looking up for the Confederacy. But I still have to watch my step though because my wouldbe assassin still lurks in this area. But I have no fear of death. As I said once before, my martyrdom would be the best thing for

the south since fried chicken.

My supporters have asked me to spell out my next objective in my never-ending battle for truth, justice, and the American way so I thought I would let all of you in on my secret. My plan is to wipe out vice and sex on television and make a medium helpful to the education of children rather than detrimental. The commercials, such as the flavor-grabber, which teach children to steal, would be discontinued. Cigarette advertisements would have a new look. In the past, the guy takes a puff and all of a sudden he's with a beautiful broa . . . Girl. Cornpone cigarette commercials would tell it like it is, with the smoker coughing and gasping for air. I would encourage more "fun" commercials such as Granny Goose and Right Guard. But that is still in the future.

Plenty of Pattering Planned

The Men's Gym will ring with the sound of pattering feet and pattering music Saturday night, Sept. 18. The event, a combination of a freshman reception and after-game dance, will be held from 10 p.m. to 1 a.m. Music will be provided by the Rubber

Spring Band.

Admission stands at the price of 9c per person and 15c a couple, and dress is informal.

Hartnell's first dance of the year is being sponsored by the A.S.B. Commission and Alpha Gamma Sigma.

Pirate Treasure For First Gridiron Panther Victory?

By JIM RIMANDO

Just how good are the Panthers this season in football? This will be one of the questions answered tomorrow night when Hartnell plays host to the Modesto J.C. Pirates. Kick-off is slated for 8 p.m. at the new stadium in Gonzales.

The Panthers are loaded with talent in the backfield led by All-American J.C. and All-Conference halfback Richard Smith,

RICHARD SMITH — All-American, Returns

a 6' 1", 185-pound sophomore; veteran sophomore and a 180-pound halfback, Chuck Camy; 5' 10", 180-pound halfback and newcomer, Ralph Thompson; bulldozing 190-pound fullback Larry Crawford, also a newcomer; returning sophomore, 180-pound halfback Ron Svejda; and returning letterman fullback, 190-pound Jim Barrient.

"If we had a game right now, I'd start Denis Bossetti at quarterback because of experience," commented Smith when asked who would be the starting quarterback at the moment. Bossetti showed how to keep his "cool" when he took over for the injured Terry Cleary last November to pace the Panthers to a convincing 9-6 win over arch-rival MPC.

Bossetti is being pressed hard for the starting job by ex-Salinas High star quarterback Joe Balsa, 175-pound sophomore and former North Salinas High Viking signal caller Sheldon Cooper, a 170-pound freshman.

Heading the list of top names on the interior line is All-Conference tackle Mark Sindel, a 220-pound sophomore; returning letterman tackle Ted Gerhert, a 225-pound sophomore; newcomer Paul White at 6' 0", 200-pounds; freshman tackle Scott Fredrick,

6' 2" 210-pounds; freshman guard at 190-pounds, Jim Jones; 185-pound guard Jesse Gomez; and returning letterman tackle Kim Wood, a 190-pound sophomore.

Defensively the Panthers appear strong with the return of linebackers Wayne Hopper and Harold Gonzales. Also back are defensive backs Herb Klein, and Frank Unciano; ends, Lloyd Shires and Dennis Cavanaugh; center Lonnie Voogd.

Hartnell got its share of high school stars with speedy defensive back Dan Short, a 160-pounder from King City High; All-MBL and a defensive back at 170-pounds, Tony Bozzo from Alisal High; Golden Helmet award winner from North Salinas High, Bill Borelli, a 170-pound defensive back; All-MBL — and a husky one — Tim Schallick, from Salinas High, at 6' 4", 220-pounds.

There are many other players who make this year's Hartnell team another contender in the Coast Conference, along with the nation's number three junior college team (Laney College) and the always-tough MPC squad.

For those of you Hartnell fans who don't know where the Gonzales stadium is located, just take Highway 101 south from Salinas. The stadium lights can be seen as you come into Gonzales.

Girls Needed in Spanish Drama

With the opening of "The House of Bernard Alba" in latter October, the Hartnell Community Playhouse will begin an exciting and varied theatrical season, sure to delight local drama enthusiasts.

"The House," as season opener, is a Spanish tragedy by Federico Garcia Lorca, with a completely all-woman cast.

Readings and tryouts for the production will be held this Monday, September 18, at 7 p.m. in the Little Theater.

In December, the Playhouse will again present Children's Theater. This year the group will perform "Miracle on 34th Street" for Christmas season playgoers.

Shakespeare will be the bounty served up in March when the tragedy of "King Lear" is brought to the Hartnell stage. The final production of the year will be a satire on community theaters entitled "The Torchbearers." It will be presented in the final weeks of May.

Familiar Face Missing In Men's Locker Room

The 1967 athletic program opened up with football in the air and cross-country practice runs, but something was lacking in the locker rooms as the players dressed up in their shoulder pads, thigh pads, and helmet. It's a different kind of atmosphere with the absence of trainer Dan Diedrickson.

The death of Diedrickson in the middle of July dealt a big blow to the Hartnell student body, faculty, and the athletic department. Football players can't yell

out "Hey, Dan, how about taping up my ankle." It's a different season, one that the Hartnell players must get used to.

Handling the chores as a trainer and taping-up ankles are head football coach Arvin Smith and athletic director Ed Adams. For those who knew Dan Diedrickson it was a big loss and it will be a difficult replacement to make. Hartnell will have to go with their best trainers — Smith and Adams — until a permanent trainer can be found.

CROSS COUNTRY BOYS TO HIT THE BUMPY ROAD

The Panther cross country team will open the 1967-68 season at home with the aid of four returning sophomores and a half-dozen hopeful freshmen.

First meet will be against Gavilan College on September 23 at Toro Park (south of Salinas

about five miles on the Monterey highway) at 3:30 p.m.

Back again and hoping to see more action are Carlos Chavez, Dick Peters, Dick Cominos and Nes Albano.

Up and coming players include Bill Bell, Jerry McDonald, Tom Aguinaga, Doug King, Sam Camcam and Ron Fabros.

CLARION CALL ISSUED FOR WOMEN IN SPORTS

Rally 'round the gym, girls, and join WAA!

All interested women are invited to attend the first meeting of Hartnell's chapter of the Women's Athletic Association on September 19 at 11 a.m. in the Women's Gym.

This meeting, according to Chris Tokiwa, WAA representative to the Student Body Commission, will be held to introduce the current officers and to discuss this year's activities.

Among the group's forthcoming activities will be a hockey clinic from 9 to 2 p.m. on Sept. 30. It will be opened to all interested students.

Members will be participating in a coed sports day at Cabrillo College in Watsonville on Oct. 21 from 9 to 1 p.m. Twelve junior colleges will be represented in this meet, which is being co-hosted by Monterey Peninsula College and Cabrillo and is featuring a variety of sports. More information on this event

will be announced at a later date.

A Turkey Trot, WAA's version of a cross country run, will be held on campus in November. High school and college women are invited to sign up now.

Another outstanding event will be competitive basketball. The women basketball players will compete with others from MPC, Cabrillo, and San Jose City College. Members of last year's basketball team, called the Panther-

ettes, will be returning for competition this year. They include Betty Yabeny, Brenda Chinn, Sue Hagberg, Priscilla Colantro, Cheryl Modena, Jeanne Gilland, and Linda Juarez. Among expected new basketball players will be Dana Bianchi, Linda Martella, Karen Rasmussen and Sue Pumphrey.

Interested women wishing to join competitive basketball are invited to come to today's WAA practice at 1 p.m. in the men's gym.
